

Horsforth Climate Action - Equality and Diversity Policy.

Date 23/11/23

Review date: November 2025

Horsforth Climate Action values diversity and is committed to promoting equal opportunities for all who work for, volunteer with, participate in or benefit from its activities.

This policy outlines HCA's commitments to equality and diversity with the intention to respond to our core values and to the spirit of legislation as well as any legal duties. To this end, HCA operates under the principles of equal opportunity and will not tolerate any form of behaviour or activity that discriminates without proper justification because of a protected characteristic as defined by the Equality Act 2010.

HCA seeks to recruit steering group members, volunteers, participants in activities and reach out to people reflecting this diversity and reflecting the diversity of our local population. We value the individual contributions of all people, and we are committed to drawing on the different perspectives of individuals who will add value to the way we operate.
